Manual Guarding

All our Security Guards are fully SIA Licenced, highly visible, professional and their presence serves many functions including:

- Highly visible deterrent against crime
- Reassurance for business employees
- Health & safety support
- Maintenance checks
- Access/Egress control
- Personnel and vehicle searching
- Patrolling
- Locking and unlocking
- Assignment specific roles

Although our static security guards work under the direction of our structured management team, we encourage them to interact with the client's on-site team to provide a bespoke, personalized service.

Crocsec Limited can provide our security guards in Swindon, Oxford, Newbury, Chippenham, and many other locations across the South West.

Whatever your security needs, Crocsec Limited will tailor a service specifically to your requirements, leaving you to concentrate on running your business.

SECURITY

Mobile Security patrolling

Mobile patrols offer a highly cost-effective solution for businesses of all sizes, especially compared to the cost of employing a 24hr security team.

The presence of uniformed officers on patrol at your business premises is an incredibly effective crime deterrent, closing any window of opportunity for a break-in or burglary to take place. Not only can they act as a visual deterrent, they can be useful for checking buildings are fully secure and making sure there are no security breaches.

By having patrols carried out at random times, there is no fixed routine, which makes it very difficult for any would-be criminals. For larger sites, they can also cover a greater area than a static guard.

At Crocsec Limited, our local operatives are highly trained and supported by an experienced central management team. They will visit and inspect your premises at agreed frequencies, carrying out a physical patrol and checking for any damage or intrusion. If any issues are detected, they can quickly address the situation and communicate back to control, as well as to the emergency services if required.

Our innovative use of technology enables the production of auditable reports on the activity of our operatives whilst on site. These reports are systematically sent to clients, providing them with the information they need and complete peace of mind that their facility is being well looked after when they cannot be there.

Event Stewarding

From music festivals to private functions, from product launches to weddings, our event security guard team are here to ensure your event goes off without incident.

Key Holding facilities and Alarm Response

Our cost-effective and reliable keyholding and alarm response service will help to give you peace of mind, ensuring that a fast and effective response will happen if you need immediate access or if an alarm has sounded.

Construction Security

Through mobile patrols or static guards, we can prevent asset loss and trespassing at construction sites, helping to improve security and safety throughout the construction process. Plant and Machinery can be extremely attractive to the opportunistic thief and once stolen can cause all sorts of disruption to your life as you then must sort out insurance claims, Police notification, replacement materials, delays to work flows etc.

CCTV Monitoring

While away from home or work, a professional CCTV monitoring service means that incidents detected by your CCTV would be flagged up and acted on by our team of SAI licenced security guards.

Commercial Security

We offer checks and services on the site to ensure it is totally secure, this may include static guarding, site patrols, mobile visits, upkeep of the building as not to appear vacant. This service acts as a viable deterrent against intruders and vandals.

What Our Clients Think

Crocsec Limited is valued by our many clients across Wiltshire, in and around our home base of Swindon, where we keep people and property safe and secure.

We're proud to say that our professional security services are trusted by a wide range of individuals and organisations around the clock and around the county – our men find themselves patrolling construction sites, guarding access gates, acting as parking marshalls at local events, and even house-sitting.

Feedback from our customers definitely indicates that our well-trained, experienced and reliable security personnel are putting their best foot forward in all sorts of situations.

Here's a sample of what people are saying about Crocsec in some of the five star reviews we've recently received:

“

Great customer service. Always a pleasure dealing with Crocsec. Friendly and professional service. I would happily recommend to our customers for future contracts.

“

We are a local company with a need for discreet security due to the nature of our business. Crocsec supplied 24 hour cover at very short notice for a 4 week period. All staff supplied were polite, courteous and extremely helpful at all times. We would strongly recommend their business and we are extremely confident we will be using them again in the very near future. Thank you Crocsec.
